# Optimal Performance – Fewer Refills

## CoinXpress™ CX25 Coin Dispenser

### High capacity hoppers for optimized performance

- Designed for long runs between refills
- Innovative jam-sensing technology
- Unique 25° angled hopper design for less motor stress and rotor wear
- Debris flushing capability
- Low coin alarm threshold

### Heavy-duty design for trouble-free operation

- 3-bin, 4-bin or 6-bin implementations
- History of dispensed coins maintained in memory
- Single electronics board powers up to six hoppers
